September -  
October 2021  
Issue no. 65

Welcome to the 65<sup>th</sup> edition of law firm partner moves, from the specialist partner team at Edwards Gibson, where we look back at announced partner-level recruitment activity in London over the past two months and give you a ‘who’s moved where’ update.

There were **87** partner hires - 23% up on last year (**71**), and almost exactly in line with the statistical average for the same period over the past five years (**86**). In terms of laterals - there were **65** (38% up on the **47** we saw last year).

The most acquisitive firm this edition was US outfit **Greenberg Traurig** which hired 8 partners including, in what will almost certainly be the largest single team move of the year, a septet of litigators from **Mishcon de Reya**. The move is an extension of [Greenberg’s raid last year](#), which saw it launch a disputes offering with a two-partner heavyweight team from, the soon to be listed, London firm.

New York headquartered **Willkie Farr & Gallagher** was the second most prolific hirer snatching a quintet of laterals – including a market leading three-partner competition disputes team from **Quinn Emmanuel** – a firm usually more accustomed to being an apex predator in the lateral disputes market. In addition, newly created verein **Advant**, together with **Gibson Dunn & Crutcher** and **White & Case** nabbed three-partner teams from **Grimaldi Studio Legale**, **Vinson & Elkins** and **Dechert** respectively.
